IES College of Technology, Bhopal

*08/2016 - 08/2020*,                          *8.4*

### Higher Secondary
Jagdam College, Chapra

*05/2013 - 06/2015,*                          *7.64*

## SKILLS

`React Js`  `JavaScript`  `HTML`  `CSS`

`Azure-Foundamental`  `Styled Component`  `Redux`

`Webpack`  `Git`

## PROJECTS

### Banking Application (Customer Project)
- **Tech Stack: React JS, Context API**
- Worked with a Financial services client to migrate their legacy web app application in JSP to ReactJS with RESTful methodology in mind.
- **Roles and Responsibilities:**
- Analyze the legacy application and suggested the best suitable tech stack for frontend.
- Develop reusable UI Component to use across application for uniform design.
- Collaborate with backend team to develop optimized rest endpoints, implement solutions while keeping security standard as per the priority.
- **Accomplishment:**
- Developed and deployed 4 applications from scratch.
- Trained and mentor junior employees to help them contribute to the project.

### Stock Management System
- **Tech Stack: React JS, Context API.**
- It is used for manage the small business stock
- It is build using React JS and Context API and the backend I use simple JSON data.
- The app allow user to manage the stock, it means they can create, update and delete the items.
- It uses cookies authentication for login
- Application state is managed using context

## ACHIEVEMENTS

**College**
Star Achievement Award
**Hacker Rank**
Got 5 Star Rank in Hacker Rank
**Certified Azure Fundaments (AZ-900)**

## LANGUAGES

**English**

*Full Professional Proficiency*

**Hindi**

 *Full Professional Proficiency*

**German**

*Elementary Proficiency*
